The six and a half months long yuti of Rahu and Brihaspati in Simha Rashi ends today as Jupiter moves to Kanya Rashi. This heaviest of all nine planets will stay in Virgo till 12th September 2017 transiting in this sign of Mercury for thirteen months. Jupiter completes the round of the twelve signs in around twelve years.

Brihaspati's previous transit in Kanya was from 27th August 2004 to 28th September 2005. Its next transit after this 2016-17 one will be from 26th November 2027 to 26th December 2028. But, that 2027-28 transit in Kanya will not be a consistent one as Jupiter will retrograde back into Leo on 28th February 2028 and will re-enter Virgo on 24th July 2028.

This breaking of the combination of Jupiter and Rahu today will bring much desired relief to most of the people. The greatest relief will be felt by people born under Mithun, Kanya, Dhanu and Meen moon signs and ascendants. Gemini Rashi was facing extremely confusing and difficult time regarding both professional and personal troubles and it will be the greatest beneficiary of this change in Brihaspati's sign today.

The general effects of this transit of Jupiter in Kanya will be very diverse and remarkable. The financial markets around the world will see great ups and downs. There will be more clarity regarding the reasons behind the global economic slow down and effective corrective measures will start being implemented. New ideas will bring revolutionary changes in the ways the banks and financial institutions function.

Political unrest will continue in many nations. Religious fanaticism will now become more prominent and vocal but the efforts to curb it will now be more forceful and effective. There are high chances of prolonged military conflicts in hitherto peaceful zones.

For India, the situation will improve with regards to ease of doing business but the political situation gets worse than ever before. The ruling party may have to backtrack on several of its decisions taken in the past two years. There will not be much improvement in the general economic situation and the real estate will slide further. But, good growth will be witnessed in areas governed by Budh like internet services, online sales, all kinds of news media and the stock market.

The general effects of this transit of Jupiter in Virgo on the twelve moon signs and ascendants will be as follows -
