I want to go back to my previous project. Please suggest how me to make my job stable and to have good growth in it. I am wearing a ruby in gold ring on my right hand's ring finger. The carats could be above 3 (I don't remember..). Please help....My DOB: 19th August 1968, TOB: 4.20 pm and POB: Mumbai, India.

Astrologer Ashutosh: Ms Shravanitha! You were born in Sagittarius ascendant and Gemini Moon sign. Since October 2010 you have been in the antardasha of Mars (Mangal) in the Mahadasha of Saturn (Shani).

This Mars antardasha ends in November 2011. Mars is not in a good sign although it is a yogakarak planet for your horoscope. It is in its sign of debilitation and is also very poorly placed in the eighth house of harms and losses.

This indicates that a difficult time is on for you, regarding profession and health both. It seems that you will have to change your job as going back to the previous project is not likely to happen. Or, you could sustain in the present project till this Mars antardasha is over. To make the situation better at work and to reduce the negativity of Mars in your horoscope you can perform the following remedies:

1. If possible, keep fasts on Tuesdays.
2. Avoid wearing Red, Black and full White in your clothes. Wear more of Yellow, Golden, Brown and Orange.
3. Feed a small piece of jaggery to any animal on Tuesdays.
4. Wear a Yellow Sapphire, in gold ring on index finger of left hand.

5. The Ruby is okay but its weight should be in proportion to your body weight. Around 180 milligrams (1 Ratti) per 10 Kilograms of your body weight, for a normal quality Ruby. For superior quality Ruby the gem weight can be reduced by a carat or two.

You will get good job offers in the last two weeks of August 2011 and in October 2011. Make best use of them and wear your beneficial colours when going for job interviews.
